I want to complain about the cartoon channels coming on my cable TV are dubbed in Urdu and Hindi language which are not only badly effecting my children because they are picking words of Hindi language which are not in our national language. Please instruct the concern to show cartoon channels in English language which will not only be entertainment but also improve the English language spoken and listening which will be very beneficial for the children for their future. English is international language and English cartoon channels are a very effective method to teach English language spoken and listening skills. It is requested to kindly address this issue hope you will agree with me. I shall be very obliged for your cooperation. | Cartoon Network |

| 6 | 117745 | All sports channels, newspapers and ptv are broadcasting advertisement of online gambling websites like 1xBat and few other websites during Asia cup, as they previously did during PSL matches. That is clear violation of Islamic teachings and law of land. Also pertinent to mention here that some times they use surrogate marketing method by falsely marketing their pseudo products to promote their gambling website. For example if Gold-leaf markete a biscuit pack with the same colour scheme packing of their cigarette pack, it will amount to marketing of gold leaf itself. Which is prohibited. Plz take action and impose penalties. | PTV Sport |
| 7 | 117753 | Salary Pending, Dear Concerned, I was an employee of Sports Star International (Aplus Entertainment) as Business Unit Head from May 2019-June 2020. In these 13 months I have been paid only 4 months salary and now 9 month salary is pending. I have been constantly asking for it but there is no actionable response from their side. This amounts to around 4 million I had lodged the same complaint in 2021 but at that time the new bill was not in effect... Now that the new PEMRA amendment bill 2023 is in effect, kindly consider my complaint. Thanks | STAR Sports |
