3	117483	Complaint regarding promotion of western culture in drama 'Baby Baji', Respected Sir, I hope this email finds you well. I would like to draw your attention to a very serious matter regarding the drama serial "Baby Baji" currently being aired on ARY Digital. I firmly believe that the content shown in this serial has certain elements that are considered as inappropriate and unethical. From the first episode, it seemed like a family serial. However, later on, it depicted the romance between young children and married couples dancing openly, promoting western culture. It is in no way a good family drama that we used to watch in the old days. Therefore, you are requested to thoroughly investigate the content of Baby Baji and take appropriate actions to ensure it fulfils the standards set by PEMRA. I trust that you will take my complaint seriously and initiate prompt action to rectify the situation. Yours sincerely,	ARY Digital

Both Dramas are promoting extramarital affairs, Parental disobedience, and the voiding of Shariya's commandments regarding spousal rights and obligations. The public is extremely upset about these immodest content and several aggressive posts are circulating against these dramas on different Social media platforms like Facebook, Instagram, and Twitter. Here, I humbly request Chairman PEMRA to immediately take notice of vulgar content and ban these dramas. Thank you.	Geo Ent.

The latest episode (46) and the promo was insensitively cut by Geo leaving the audience curious as to whether marital rape occured or not. 40	117440	Concerns Regarding "Tere Bin" Drama's Portrayal of Women and Relationships, Dear [Channel Management/Authorities], I am writing to express my deep concern about the drama series "Tere Bin" aired on Geo TV. The show's portrayal of women and relationships is highly problematic and promotes harmful stereotypes. The secene where the wife slaps her husband normalizes violence within marriages. I urge you to rectify the inaccurate portrayal and take immediate action to promote responsible storytelling that upholds equality, respect, and empathy. Sincerely,	Geo Ent.

Showing a demorale girl not giving rights to her husband, rude and disrespectful, planning everything to defame the family though bcz of her carelessness and bad approach and wrong decisions Rather than portraying her as the villain, you are showing her as the heroin , This is what you are supposed to do? This is what you are expecting your daughter in laws to do? This is what you are seeing in our next generation? If yes then it's nine other than a sick mind	Geo Ent.

45	117458	Respected madam/sir, Hope you're doing well. I am Habiba Ansari. I'm sending this email today regarding a drama called 'Tere Bin', being aired on Geo entertainment, produced by 7th Sky Entertainment and the director is Siraj Ul Haq and the writer is Nooran Makhdoom. The drama airs on Wednesday and Thursdays at the primetime slot of 8 pm - meaning its watched by masses in huge numbers. The drama is doing extremely well internationally as well as nationally. However, here's where the problem lies. Recently, in the latest episode (episode 46), the drama easually hints at marital rape in its last scene, as well as implying it in the promo. This episode gained 20 million+ views in 24 hours and has also caused outrage on social media (kindly check the file attached below for evidence). While there is nothing wrong in depicting sensitive issues on television, this drama is a commercial drama and it was always presented to us as such, and was never hinted to be a cause based script. The latest episode (46) and the promo was insensitively cut by Geo leaving the audience curious as to whether marital rape occured or not. This action was done by Geo to rerate curiosity and hype, in order to gain views, ratings and TRPs, which is such a very unethical thing to do. This promo was shown without a warning and multiple people around the world were seriously triggered by this promo (please check the file attached below for evidence). Many sexual assault victims came forward on social media and reported how this promo and drama triggered their trauma and their wounds have been reopened. Due to the popularity of Tere Bin, it's no surprise it attracts global viewership, however, when they're showing such sensitive topics without sensitivity on screen, it is tarnishing Pakistan's reputation on a global stage. There has been a twitter trend trending since the past 2-3 days with the tagline of "SHAME ON TERE BIN MAKERS" with more than 60,000+ people participating in it from all over the world (kindly check the file attached below	Geo Ent.

		Respected Sir, Assalamualaikum	
74	117504	The Goo Entertainment channel has been broadcasting the drama series Tere Bin for a while. The plot appears to depict the dispersion of our traditions, values, and culture. It appears from watching these dramas that all the production companies, Perma, and lord authority have neglected their duties in reference to dramas. Perhaps you are unaware of the significance of media.	Geo Ent.

100	117388 117390	No Entertainment channels. Hi, I would like to bring into notice the dearth of good and entertaining programs on our channels. All we watch are advertisements, negative & propaganda-based news channels (the good old ptv news is better), extremely boring and mundane dramas. We don't watch TV to see commercials only! Either allow channels from other countries, India included, or let us have more options, such as Prime video, Disney +. We, Pakistanis, are severely deprived of entertainment. All we watch is Youtube, or paid services, like Netflix. TV is the major source of entertainment for the common folks and families, worldwide. But here, there is no focus on providing a variety of entertainment. Also, with good quality programmes you can break stereotypes, bring tourism into your country and so much more - learn from Turkish media. Please work on it! Thanks. Is there any one to check over, Is there any one to check over such vulgarity at stage dramasthe issue is at every Govt office the concerned people never go out of officices and check issue on personal groundsand even if some goesthey never play there partand if played there are other many Budmash groups who own these units and business activitiescheck the link belowand check so many clips on your own racky	
102	117425	Respected madam/sir, Hope you're doing well. I am Zaynab. I'm sending this email today regarding a drama called 'Tere Bin', being aired on Geo entertainment, produced by 7th Sky Entertainment and the director is Siraj Ul Haq and the writer is Nooran Makhdoom. The drama airs on Wednesday and Thursdays at the primetime slot of 8 pm - meaning its watched by masses in huge numbers. The drama is doing extremely well internationally as well as nationally. However, here's where the problem lies. Recently, in the latest episode (episode 46), the drama casually hints at marital rape in its last scene, as well as implying it in the promo. This episode gained 20 million+ views in 24 hours and has also caused outrage on social media (kindly check the file attached below for evidence). While there is nothing wrong in depicting sensitive issues on television, this drama is a commercial drama and it was always presented to us as such, and was never hinted to be a cause based script. The latest episode (46) and the promo was insensitively cut by Geo leaving the audience curious as to whether marital rape occured or not. This action was done by Geo to create curiosity and hype, in order to gain views, ratings and TRPs, which is such a very unethical thing to do. This promo was shown without a warning and multiple people around the world were scriously triggered by this promo (please check the file attached below for evidence). Many people around the world from Bangladesh, India, Nepal, USA, UAE, UK and many more, could barely go on with their normal lives due to the meterial that was shown on television (Kindly check the file attached below for evidence). Many sexual assault victims came forward on social media and reported how this promo and dramu and their wounds have been reopened. Due to the popularity of Tere Bin, it's no surprise it attracts global viewership, however, when they're showing such sensitive topics without sensitivity on screen, it is tamishing Pakistant reputation on a global stage. There has been a twit	

Dear Chairman I would like to draw your attention to this very sensitive issue which is like a poison killer in our society in the form of a drama shown on Jio Channel today. In the drama serial Tere Bin, the sacred duty of marriage has been made a joke. A girl getting married to another man and keeping the marriage to a paper marriage, being rude to the husband, slapping and spitting is against our culture. This drama is destroying the minds of the young generation. It is humbly requested that this play be banned immediately and the writers should be made to refrain from writing such immoral stories.	117426	103
محترم چنر مین صناحب آپ کی توجہ اس انتہائی مصنان مسئلہ کی طرف دلانا چاہتی ہوں جو آج کل جیو چینل پر دکھاتے جائے والے اثر اسے کی صورت میں ہمارے معاشرے میں زیر قاتل کی طرح ہے اثر اسہ سپریل تیرے بن میں شادی جیسے مقدس فریضنے کو مذاق بنا کو رکھ دیا گیا ہے اژکی کا کسی دوسرے مرد میں لوالو ہونا اور شادی محضن پیور میریج تک رکھا شوہر سے ہتنمیزی ، تھیڑ مارٹ تیوکنا ہماری تہذیب کے خلاف ہے یہ ٹر امہ نوجوان نسل کے نبٹوں کو پراگلدہ کر رہا ہے شادی جیسے مقدس رشنے کو پامال کیا جا رہا ہے آپ سے عاجز انہ گزارش ہے کہ اس اثر اسے پر فوری بین لگایا جائے اور ر انٹرز کو اس بات کا پابند بنایا جائے کہ وہ ایسی غیر اخلاقی کہائیال لکھنے سے گریز کریں۔	117427	104

		Against pakistani drama,	
118	117480	Dear PEMRA, I am writing to express my deep concern regarding the airing of certain dramas in Pakistan that I believe are detrimental to our culture, norms, and society. As a responsible citizen, I feel it is my duty to highlight the negative impact these dramas are having on our society and request your assistance in addressing this issue. Many of these dramas often depict themes that go against our cultural values and traditions. They may promote violence, immorality, or present distorted views of our society. Such content can mislead and influence impressionable minds, leading to a degradation of our cultural integrity and social fabric. I understand that the media has a significant role to play in shaping public opinion and influencing societal norms. However, it is crucial to strike a balance between creativity, entertainment, and preserving our cultural heritage. We must ensure that the content aired on television reflects the richness of our culture, promotes ethical values, and upholds the dignity of our society. Therefore, I kindly request PEMRA to scrutinize and regulate the content of dramas aired on television. It is essential for the board to establish guidelines and standards that protect our cultural values and ensure that dramas adhere to them. Additionally, periodic reviews and evaluations of the content should be conducted to identify any deviations from our cultural norms and address them accordingly. I believe that as the regulatory authority, PEMRA has the power to enforce these measures and work towards preserving our cultural identity. Through effective monitoring and strict enforcement, we can prevent the dissemination of content that is detrimental to our society and promote programming that upholds our values and traditions. I hope that you will consider my request and take appropriate action in this matter. Together, we can safeguard our cultural heritage and ensure a prosperous future for our country. Thank you for your attention to this matter.	
119	117502	Assalam Alaikum, respected Seniors As a Muslim, I have to tell you with great regret that we live in a Muslim country, the goal of which was to achieve that we live our lives freely following the principles of Islam and not the sacrifices of our ancestors. Violate the principles of Islam. In the society we are living in today, where is the Muslim society, where is the foundation of the Islamic state of Pakistan, where is the love of the country, where is the spirit of caring for each other's honor, where is that veiled and pure Muslim character? Especially our media, social media, electronic media are playing their role in spreading obscenity. Today we cannot sit and watch television with family. The media is fearlessly playing its role in promoting promiscuity in our culture. Do we not fear Allah, do we not fear Allah, do we not fear Allah Almighty, where have we gone, we are training our children after seeing such indecency. Allah has ordered every Muslim in the Holy Qur'an to spread good news and prevent evil. Therefore, I politely ask your institution Do your part in stopping profanity for God, stop anti-Islamic programs. Allah Almighty has given you this authority, for the sake of Allah Almighty, play your role in preventing indecency with good intentions. If this continues, our beloved country will continue to suffer the wrath of God. Which we are seeing in different surahs.
